Product Description

- **PREMIUM MATERIAL -BIRD'S EYE KNIT: GLMAOOURA safety shirts for men women are made of 100% high elastic polyester which is soft, breathable and comfortable to wear. The surface moisture absorption rate of this hi vis shirts for men is 3 times that of cotton, it can quickly dry and keep you fresh all day**
- **High Visibility: The high visibility shirts for men features 2 vertical and 1 horizontal 2" wide reflective strips on the front, back and shoulders, 2 circle reflective strips on the sleeves for maximum reflectivity and visibility, ensuring your 360 visibility in all weather and lightning conditions to keep you safe while performing your tasks**
- **DURABLE & MULTI-FUNCTIONS: A durable reflective shirt will always save you money. The reinforced sewing ensures this work shirt durable enough after repeated machine washes. The horizontal strip design on the chest provides a good space for the walkie-talkie and ID card that you need to hang during your work. The pocket on the chest provides a good space for small belongings such as ID card, cell phone, flashlight, pen, rules, tools and so on**
- **Multiple Applications: The stylish design makes this neon construction shirt not only a work shirt for men construction for municipal workers, contractors, engineers, renovation professionals, surveyors, forester, airport ground crews, fulfillment/warehouse workers, truck drivers, survey crews and volunteers, but also a good gift for families and friends who like running, bike hiking, hunting and walking at night**
